

D.O No. MD-SBM/FG/36/2016

29 December 2016

Sub: Suggested list of Experts for training and capacity building of ULBs on SBM related subjects

Dear Sir/Ma'am,

The Swachh Bharat Mission (U) has identified institutional capacity building of the ULBs as one of the most important components of the programme. In line with this, a number of state/national level workshops have been carried out by MoUD in the past. However, it has been observed that it is important to impart training to middle/lower level field functionaries at the ULB level as well. Therefore it is desirable that such trainings happen at the ULB premises itself.

2. Further, the National/State level mission directorates and officials, state PMUs have limited capacity/bandwidth, and might not be able to do justice to this requirement. For this purpose, MoUD has listed experts who can conduct workshops at the ULB level and provide the requisite training. (List of suggested experts along with areas of expertise is enclosed at Annexure I). This list shall be updated from time to time by MoUD.

2. ULBs may engage the suggested experts on a need basis. If engaged, they may be provided an *honorarium of Rs. 5,000 per day + travel (2nd AC Train fare/ Economy Class Air tickets), boarding & lodging and local travel*. Capacity building funds of SBM may be used to cover cost of training. It must be noted that experts currently serving as government officials are not eligible to receive honorarium, however their travel and accommodation expenses may be covered as per above.

3. These training sessions would be for a 1 day duration. All coordination for the training sessions will have to be done between the ULB and the expert.

I look forward to your support for the success of this initiative.

With Regards,

(Praveen Prakash)
